

Watch out for our Mentor
Teacher Day—10 March 2022

"The beginning is
the most important
part of the work"
Plato

Beginning the Journey

Professional learning and local networking opportunity for
1st and 2nd year provisionally certificated teachers

EDconnect is offering this exciting series of workshops again in 2022. This forward-thinking, personalised professional learning is thoughtfully and intentionally designed to inspire leadership competencies, encourage effective instructional practice, and support fluency with strategies for learner success. Delivery is interactive and demonstrative being face-to-face in a small group setting (with the ability to move *online* if required).

If one-size-fits-all learning isn't good enough for our students, why is it good enough for our teachers? This is not a course that is built entirely on predetermined modules, rather it is responsive to the needs of participants and their schools.

- place-based approaches to help deliver a culturally responsive curriculum and develop an understanding of their local environment
- experiential learning allowing teachers to identify opportunities to develop practice to meet learner
- a local *Professional Learning Network* that they can add to as they grow.

Course details

Friday 11 March – Friday 12 May – Friday 1 July – Friday 2 September – Friday 28 October 2022

9 am to 3 pm

(Morning tea and fabulous lunch provided)

Taupo Primary School, Taupo

"The sessions gave me great hands-on ideas to apply in my classroom the very next day and in a variety of settings. The scope of learning benefitted me in curriculum areas as well as my professional practice". Previous course attendee
