The EDconnect / Scribo Professional Learning Pathway

Professional learning that strengthens teaching, assessment for learning and school improvement.

START WHERE YOUR SCHOOL IS
One pathway. Different starting points.

INDIVIDUAL TEACHERS
Join a scheduled face-to-face or online course.

WHOLE SCHOOL
Join a scheduled face-to-face or online course.

RETURNING TO SCRIBO
Bring new teachers on board or deepen existing practice.

Face-to-face learning provides the richest opportunity to connect Scribo with classroom practice; online learning extends and supports the journey.

The only approved Scribo professional learning courses in New Zealand – delivered by Scribo-qualified EDconnect facilitators.

Teacher Pathway

1. **Scribo Starter** — Full day course
   Primary , Secondary
   Starting well with Scribo
2. **Building on Scribo** — Full day course
   Primary , Secondary
   Deepening and embedding classroom practice
3. **Scribo: Next Steps** — 90-min focused session
   Primary , Secondary
   Targeted learning as needs emerge and Scribo develops

Leadership Pathway

Scribo for Leaders

- **Part 1: Setting Direction** — Half day online
  Half day online. Using assessment, evidence and data to identify priorities and plan for improvement.
- **Part 2: Evidence to Impact** — Half day online
  Interrogating progress, evaluating impact and deciding next steps.

PLD SHAPED AROUND YOUR LEARNERS

YEARS 6 to 8
Join a scheduled face-to-face or online course.
Strengthen explicit teaching, feedback, scaffolding, independence and progress.

YEARS 9 to 10
Building writing capability for what comes next.
Use Scribo evidence to identify gaps, target teaching and strengthen NCEA literacy readiness – including the Writing CAA.

EDconnect Scribo Workshop Series:

A national delivery model giving teachers and schools access to selected EDconnect professional learning through scheduled public courses around the country.

Inside the EDconnect / Scribo Pathway

Professional learning designed to help schools use Scribo purposefully, confidently and strategically.

1. Scribo Starter
Primary, Secondary

Full day course

Starting well with Scribo

- Connect Scribo with effective writing pedagogy
- Strengthen explicit teaching and feedback
- Use evidence to identify next teaching steps
- Build student independence

2. Building on Scribo
Primary, Secondary

Full day course

Deepening practice. Strengthening impact.

- Use Scribo insights to decide what to teach next
- Strengthen scaffolding, differentiation and feedback
- Use reports and Claro to identify patterns and needs
- Embed and evaluate effective practice

3. Scribo: Next Steps
Primary, Secondary

90-min focussed sessions

Targeted learning as needs emerge and Scribo develops

- Making sense of Scribo data,
- From data to next teaching step,
- Giving feedback students can use,
- Student conferencing,
- Planning for groups using Scribo evidence,
- Monitoring progress,
- AI, writing and student authorship,
- Using evidence to evaluate impact.

4. Scribo for Leaders
Primary, Secondary

Half-day online

Using evidence to lead improvement

Part 1: Setting Direction
Identify priorities, allocate support and set direction at the beginning of implementation.

Approximately 6 months later

Part 2: Evidence to Impact
Interrogate progress, evaluate impact and identify what made the difference.

Why the professional learning matters

Pedagogy alongside the tool

Scribo provides the tool, but the pedagogy, the why and the teaching decisions come through the professional learning that sits alongside it.

Dual outcomes

The professional learning is designed to raise student achievement in writing while also increasing teacher capacity and capability in how to teach writing.

Evidence of impact

621
active schools in New Zealand

2,898
active teachers in New Zealand

1,000,000+
writing checks per week

30,000,000+
active schools in New Zealand

130,000+
active schools in New Zealand

What teachers are saying

"My learners are **more confident** with writing and are enjoying the process. They love the **instant feedback** and the ability to **independently improve** their writing."

"My students didn't want to get off Scribo! When given the option of sport or Scribo, **they're choosing Scribo.**"

In one school, baseline data showed students writing at **Years 3–5**; those same students are now writing between **Years 6–8.**

New Zealand's approved Scribo professional learning pathway.
